

STAND ALLOCATION AUDIT & RECONCILIATION REPORT

Audit Analysis of 'Stands Allocation Listing GM-Final.xlsx' vs. Master Database

Prepared for: General Manager | Date: July 28, 2026 | Status: Pending GM Alignment

1. Executive Summary

Before merging the General Manager's final allocation listing (Stands Allocation Listing GM-Final.xlsx) into the Master Database (3,356 active records), an automated reconciliation audit was performed. The GM file contains **882 total stand allocation slots**, of which **209 slots contain allocated member details** and 673 remain unallocated/empty.

Cross-referencing analysis categorized the 209 allocated members into four distinct audit groups:

Audit Category	Count	%	Status / Decision Required
1. Exact Matches	78	37.3%	Verified - No action needed (Ready to sync)
2. Stand Number Conflicts	14	6.7%	Decision: Overwrite Master stand with GM stand?
3. Re-assignment Conflicts	88	42.1%	Decision: Confirm GM member replaces Master member?
4. Completely NEW Members	29	13.9%	Action: Add 29 new members to Master Database

2. Detailed Findings & Category Breakdown

Category 1: Exact Matches (78 Members - 37.3%)

These 78 members match our Master Database perfectly by National ID / Name and Stand Number. No action is required.

Category 2: Member Exists, Different Stand Number (14 Members - 6.7%)

These members exist in our Master Database, but GM-Final assigns them a different stand. Guidance required:

3. Recommended Actions & Next Steps

- Add New Members:** Append the 29 new members (Category 4) into the Master Database.
- Approve Stand Updates:** Confirm if the 14 stand number updates (Category 2) overwrite Master records.
- Confirm Re-allocations:** Review the 88 re-assignment conflicts (Category 3) to verify if GM-Final listing supersedes field enumeration records.
