- **Total Slots in GM File:** 882 Stand Slots (209 Allocated Members, 673 Unallocated/Empty Slots)
- **Category 1 (Exact Matches):** 78 Members (37.3%) — Fully verified and aligned with Master Database.
- **Category 2 (Stand Conflicts):** 14 Members (6.7%) — Exist in Master, but assigned a different Stand No in your GM file.
- **Category 3 (Re-assignments):** 88 Stands (42.1%) — Stand exists in Master, but assigned to a different member in your GM file.
- **Category 4 (New Members):** 29 Members (13.9%) — Completely new members & stands ready to be added to Master.

Action Requested: We seek your guidance on Category 2 (Stand Conflicts) and Category 3 (Re-assignments) before updating the Master Database.

1. Background & Purpose

Dear General Manager,

Prior to committing any structural changes to the Master Database, our team conducted an automated reconciliation audit to compare your submitted allocation listing against the existing 3,356 active records in our database. This report outlines the verified records, identifies conflicting stand assignments, and highlights new allocations for your decision.

2. Cross-Match Overview Table

Audit Category	Count	%	Action / Decision Required from GM
1. Exact Matches	78	37.3%	Verified — Ready to sync automatically
2. Stand Number Conflicts	14	6.7%	GM Decision: Confirm if GM stand replaces Master stand
3. Re-assignment Conflicts	88	42.1%	GM Decision: Confirm if GM member replaces Master member
4. Completely NEW Members	29	13.9%	Action Required: Add 29 new members to Master

3. Detailed Audit Findings for GM Guidance
